Shiawassee

National Wildlife Refuge

Conserving America's Wildlife!

Come visit Shiawassee National Wildlife Refuge. This 9,400-acre wildlife magnet contains a diverse array of forests, fields, wetlands, rivers, and open-water habitats. Whether bird watching, fishing, hiking, hunting, participating in an educational program, or taking pictures, there are many ways to enjoy the refuge!

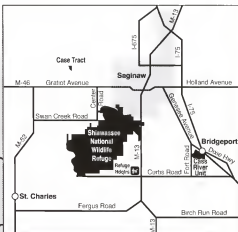

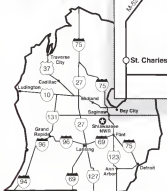

Over 13 miles of trails are open sunrise to sunset, seven days a week, except during hunting seasons. A boat launch along the Cass River off of Highway M-13 provides access for small boats and plenty of fishing room for anglers. Fishing sites are also available along the Tittabawassee River and Spaulding Drain. Two photography blinds are available. Goose and deer hunting in the fall and winter are by permit only. Special events are held throughout the year. Green Point Environmental Learning Center offers educational programs to groups on a reservation basis.

Brochures, public use regulations and species lists are available at the refuge headquarters and on our website. Normal office hours are Monday-Friday, 7:30 a.m. to 4:00 p.m.
